PETITION TO MAKE APPLICATION ON BEHALF OF NONSIGNING INVENTOR  
PURSUANT TO 37 CFR § 1.47(a)

Sir:

It is respectfully requested that the declaration of facts and the exhibits filed with this petition be considered in finding that inventor Bernd Nöcker may properly make application for patent on behalf of himself and a nonsigning co-inventor pursuant to 37 CFR § 1.47(a).

All of the facts stated herein are, to the best of my knowledge, true and accurate.

1. Bernd Nöcker of Ober Ramstadt, Germany, and Isabel Vega Carrascal of Valladolid, Spain, are inventors of the subject matter claimed in this application.
2. Ms. Isabel Vega Carrascal and Mr. Nöcker are the inventors of the subject matter disclosed and claimed in the above-referenced application. The subject matter of the above-referenced application was assigned to KAO PROFESSIONAL

SALON SERVICES, GmbH, ("KPSS"). The assignment to KPSS was effected by Ms. Carrascal and Mr. Nöcker, when each independently executed three separate assignments corresponding to each of three German priority documents. Copies of Ms. Carrascal's three executed documents and the English translations are submitted herewith as Exhibit 1.

3. Currently, Ms. Carrascal refuses to sign a declaration pursuant to 37 CFR § 1.63.
4. On 16 February 2004, the application papers accompanied by an assignment, a declaration, and a letter (see Exhibit 2) requesting Ms. Carrascal to sign the new assignment and declaration was sent to her most recently known address:

Isabel Vega Carrascal  
c/Juan de Valladolid 36 4º  
Valladolid, 47014  
Spain

In accordance with the evidentiary guidelines set out in MPEP § 409.02, it is believed that these documented facts support the conclusion that KPSS has performed a *bona fide* attempt to contact Ms. Carrascal, and to deliver to her the application papers, declaration and new assignment.

5. However, the declaration and assignment sent to Ms. Carrascal on 16 February 2004 was not returned to KPSS, indicating Ms. Carrascal's refusal to sign the declaration.
6. Ms. Carrascal's refusal to sign the declaration was directly established in a personal telephone conversation that took place on 23 March 2003 between Ms. Carrascal, and Dr. Mustafa Grit, head of the KPSS patent department.

In this conversation with Dr. Grit, Ms. Carrascal expressly refused to sign the declaration. Further, she refused to explain her reasons for refusing to sign the declaration.

7. In view of the foregoing facts, it was decided to file this petition pursuant to 37 CFR § 1.47(a). It is respectfully requested that the Office of Petitions grant the petition and permit Mr. Bernd Nöcker the right to apply for patent in his behalf and that of Ms. Carrascal.
8. In accordance with 37 CFR § 1.47(a), an executed Declaration pursuant to 37 CFR § 1.63, is submitted herewith. The Declaration further includes an unsigned signature block bearing Ms. Carrascal's name.
